# Formulated for long, healthy lives.

1

**Supports organ health**

with our special blend of prebiotic fibres and antioxidants.

2

**Promotes digestive well-being**

with prebiotic fibres to feed the gut microbiome.

3

**Supports a healthy immune system**

with clinically proven antioxidant blend of Vitamin C & E.

## Every pet has a unique gut microbiome.

The microbiome is an ecosystem located in the pet's gut, which plays a critical role in supporting **digestion**, **immune system** and **organ health**.

Hill's ActivBiome+ Multi-Benefit blend is specially designed to support this ecosystem.
