

# INTERNATIONAL ANIMAL HEALTH

Trusted Australian Animal Care, Backed by Science

**Proudly Australian, family owned. Trusted worldwide.**

International Animal Health (IAH) is a family owned and operated Australian animal health company, established in 1987 with a clear purpose: to support the health, performance and wellbeing of animals through practical, science-driven solutions.

From humble beginnings, IAH has grown into a trusted Australian brand selling globally, with products used by livestock producers, veterinarians, retailers and pet owners across Australia, New Zealand and international markets.

While our footprint is global, our values remain deeply personal. We're hands-on, relationship-driven and committed to doing things properly, from product development right through to the paddock, stable, clinic and home.

**One company. Many species. Complete solutions.**

One of IAH's greatest strengths is the breadth of our portfolio. We develop and manufacture products across livestock and companion animals, ensuring we can support animal health at every stage of life.

Our range spans:

- Livestock: cattle, sheep, goats, horses, alpacas and more
- Companion animals: dogs and cats
- Production systems & commercial: intensive, extensive and small-scale

From premium nutritional supplements and biological solutions to targeted veterinary medicines, our products are designed to meet the real world challenges faced by animal owners, producers and animal health professionals.

**Natural options. Nutritional support. Veterinary-grade protection.**

We believe great animal health starts with choice, balance and evidence.

IAH's portfolio includes:

- Natural and biologically driven solutions
- Nutritional supplements to support performance, fertility and wellbeing
- Veterinary and APVMA-registered products for effective animal management

This diverse offering allows us to support everything from daily nutritional maintenance through to targeted treatment programs – giving distributors and retailers confidence they're offering solutions that are both effective and responsible.

**Proven performance. Recognised names. Trusted results.**

IAH is proud to be home to some of Australia's most recognised animal health brands, trusted by producers, veterinarians and pet owners alike.

Our flagship brands include:

- Livamol® – iconic nutritional supplement for horses and livestock
- BioWorma® – the world's first biological parasite control
- ProN8ure® – probiotics for gut health and performance
- Ausmectin® – trusted parasite control solutions
- And many more supporting a wide range of species and production systems

Each brand is built on decades of use, research and real-world results, backed by a company that understands the responsibility behind every product on the shelf.

# INNOVATION THROUGH SCIENCE

**Research, quality and manufacturing – all under one roof.**

Innovation sits at the heart of everything we do.

IAH invests heavily in research and development, supported by a dedicated, multidisciplinary team including:

- Microbiologists
- Veterinarians
- Quality assurance specialists
- Formulation chemists
- Regulatory affairs experts
- Production and manufacturing managers

All IAH products are manufactured onsite at our own APVMA-licensed GMP facility in Australia. This allows us complete oversight of quality, consistency and compliance – from raw materials through to finished product.

Having R&D, formulation, regulatory and manufacturing in-house means we can:

- Respond quickly to industry needs
- Maintain exceptional quality standards
- Continually improve and innovate our product range

## GIVING BACK TO OUR INDUSTRY

**Proud supporters of the communities we serve.**

At IAH, giving back is part of who we are.

For decades, we have proudly sponsored and supported a wide range of events across Australia and New Zealand, including:

- Royal and national horse events
- Cattle, sheep, goat and alpaca shows

- Dog events and competitions
- Horse racing and harness racing
- Youth and grassroots agricultural events
- Veterinary conferences and industry seminars

By supporting industry events, we help strengthen the sectors that support us, from next-generation producers to experienced professionals leading the way.

**Partnering With Distributors for Long-Term Success**  
**Reliable supply. Consistent quality. Trusted relationships.**

IAH values strong distributor partnerships, and we're proud to work alongside leading distributors like Eastern Distributors to deliver high-quality animal health solutions to market.

Through reliable supply, trusted brands and ongoing support, our goal is simple: *long-term success for our partners and better outcomes for animals.*

The banner features the International Animal Health Products logo on the left, which includes a globe icon with animal silhouettes and the text "International Animal Health Products". Below the logo is a blue bar with the tagline "GROWING YOUR ANIMALS BETTER". At the bottom left, there are social media icons for Facebook, Instagram, and Email, with the handles "@internationalanimalhealth", "www.iahp.com.au", and "info@iahp.com.au" respectively. On the right side of the banner, there are three vertical images: a brown horse, a black cow, and a group of alpacas.
