PLANET. PURITY.

PERFORMANCE. PLANET. PURITY.

Catmate loves your pet as much as we love nature. Catmate Natural Tofu Cat Litter is produced from 100% sustainable plant based ingredients that is safe for your kitten or cat, is water soluble and can be toilet flushed.*

- Lightweight Litter - gentle on your cat's paws, dust-free, absorbs fast and clumps effectively
- Absorbent - absorbs up to 4 times weight in liquid
- Flushable and septic safe*
- 100% Biodegradable - made from natural ingredients that are compostable and suitable to mulch in your garden
- Natural Odour Control - no harmful chemicals or artificial fragrances
- Safe for kittens
- Vegan friendly

INGREDIENTS

Soybean pea fibre, corn starch, calcium carbonate, edible guar gum, baking soda, deodorant powder.

Store in a dry area.

When transitioning we recommend initially not changing to a new litter tray or moving the location of the tray.

* Flushing

Catmate Natural Tofu Litter is water soluble and can be flushed in small quantities but we recommend you check with your local council.

Available in 2kg & 6kg bags

Usage 2kg bag up to 4 weeks supply for one cat.

PLANET. PURITY.**

PERFORMANCE. PLANET. PURITY.

CATMATE is Australia's leading eco-friendly wood pellet kitty litter, providing the ideal solution for pet owners who are seeking quality litter that is easy to use and super absorbent.

Our product comes from sustainably sourced plantation pine and contains natural oils that inhibit the growth of the bacteria that causes the ammonia smell.

CATMATE eco-friendly wood pellet kitty litter, can be used in a standard litter tray or for longer use and easier maintenance in a CATMATE 3 piece sieve tray.

- SUSTAINABLE PLANTATION PINE
- NATURAL OILS INHIBIT ODOUR
- BIODEGRADABLE
- LOW TRACKING
- HIGH ABSORBANCY

Available in 2kg, 7kg & 15kg bags

Store in a dry area.

Being a natural product pellets may vary in colour, size and scent

CATMATE

NATURAL *Hardwood* CAT LITTER

PLANET. PURITY.**

PERFORMANCE. PLANET. PURITY.

CATMATE is Australia's leading eco-friendly wood pellet kitty litter, providing the ideal solution for pet owners who are seeking quality litter that is easy to use and super absorbent.

Our product comes from sustainably sourced plantation hardwood and contains natural oils that inhibit the growth of the bacteria that causes the ammonia smell. Hardwood pellets are slower to break down resulting in less use and less tracking.

- LONG LASTING
- NATURAL OILS INHIBIT ODOUR
- BIODEGRADABLE
- LOW TRACKING
- HIGH ABSORBANCY

CATMATE eco-friendly wood pellet kitty litter, can be used in a standard litter tray or for longer use and easier maintenance in a CATMATE 3 piece sieve tray.

Available in 10kg bags

Store in a dry area.
