

## Our Story

MeatyTreaty came to life because of one fussy Siberian Husky named Senna.

Countless trials with different brands and products, before we decided to experiment with our own – drawing from our 30+ years family experience in frozen pastry manufacturing.

Freeze-drying is the process of removing moisture and water through sublimation. The end result is a delicious pet treat that retains its natural shape and structure, and nutrition.

We are a Melbourne based, family-owned business.

Our treats are made from 100% Australian sourced human-grade meat.

## Our Range

### CHICKEN

Chicken is loaded with essential vitamins and minerals such as B vitamins, iron, and zinc, that can support your pet's immune system and promote healthy skin and coat. An excellent source of high-quality protein.

### SEAFOOD

Seafood, such as salmon and sardines, are packed with Omega-3 fatty acids that promote healthy skin, a shiny coat, and support cognitive function in pets. Seafood is highly digestible, making it an ideal option for pets with sensitive stomachs or allergies.

### POULTRY, RED MEAT & NOVEL PROTEINS

Our range of poultry, red meat and novel proteins are ideal for varying diets and pet food needs. Nutrient-dense and providing all the essentials to support your pets overall health.
