Bonds built to last

As the year 2024 marks the 20th anniversary of IBIYAYA, we take a moment to reflect on a journey that began with a spirited Maltese named Ibbi. His love for adventure and his excitement for the word "chicken" sowed the seeds of our vision for pet mobility. What started in 1997 as a simple solution for Ibbi to join in on family adventures has now flourished into a globally recognized brand, redefining the experience of pet travel and setting a benchmark for bonds built to last.

Over these two transformative decades, IBIYAYA has grown from an idea born of necessity into a vanguard of the luxury pet care industry, reaching pets and their families in approximately 20 countries. Our pledge to deliver uncompromised safety and comfort to our furry companions has never wavered, with every stroller and accessory designed to meet exacting SGS standards, crafted from premium, eco-friendly materials.

Family-owned and propelled by the ethos of innovation, IBIYAYA stands as a testament to our commitment to the happiness and well-being of pets. As we remember Ibbi's legacy, it is his enduring spirit that propels us forward. We remain anchored to our roots while embracing the boundless possibilities of the future, aiming to weave IBIYAYA into the tapestry of cherished pet memories.

As we step into our landmark 20th year, we invite you to celebrate the milestones we've reached and the many more that lie ahead. IBIYAYA's story is not just about the products we create; it's about the journeys they enable and the experiences they enrich. Join us in embracing this momentous occasion as we continue to journey toward a future where every pet can explore the world in comfort and style.
