

# We're

## partnering with AWLQ Community Vet Clinics to Provide Targeted Support for Vulnerable Pet Owners

**If a dog doesn't have to become a rescue dog, that's **always the best outcome.****

Our most recent grant award is focused on keeping beloved pets with their families who desperately want to avoid surrendering them. Less dogs being surrendered means less pressure on already stretched rescue groups, allowing them to use the limited resources that they have more effectively.

SavourLife have committed **\$200,000** over the next 12 months to a targeted support fund for essential veterinary care which will help individuals and families keep their dogs healthy and by their side - especially during times of hardship. Whether its homelessness, unemployment, or domestic violence, we're working together to ensure that financial struggles don't lead to pets being unnecessarily surrendered.

### Here is how it works:

- ✓ The SavourLife + AWLQ CVC Support Fund provides veterinary assistance to individuals facing short-term financial challenges.
- ✓ The fund is specifically designed for those who may need emergency or one-off treatments to avoid having to part with their pets.

### Why it matters:

- ✓ We're breaking down financial barriers to veterinary care.
- ✓ We're helping families and their pets stay together.

**AWLQ's Community Vet Clinics** have been supporting the Queensland community for over 20 years, offering affordable care to nearly 50,000 animals each year and we're very proud to help them extend this help further to those who need it most.

**"This important collaboration ensures that pet owners who are going through financial hardship can continue to keep their pets healthy and by their side."** Katie Garrett, CEO of AWLQ.

**We're looking forward to seeing the impact that this important program makes over the next 12 months!**

# We're getting rescue dogs off to the best start with great nutrition!

## **Nutrition** is an integral part of a dog's health and happiness.

So we're thrilled to be able to help feed thousands of rescue dogs while they wait for their forever homes to come along.

Even better, when they do find their families, we're sending them home with a bag of SavourLife so that they can keep enjoying the same great food and settle into their new homes with no unsettling change to their diet.

We're proud to be offering our feeding program to rescue groups across the country including:

- **Animal Welfare League QLD**
- **Animal Welfare League SA**
- **Dogs Home of Tasmania**
- **Sunshine Coast Animal Rescue**
- **Australian Animal Protection Society VIC**
- **Animal Protection Society of WA**
- **QLD Staffy & Amstaff Rescue**
- **Sydney Dogs and Cats Home**
