

MAKING PET CARE EASIER

www.talentail.com.au

Our Story

Talentail's journey began with the Franklyn family over a century ago. Despite significant changes over the years, our core values and traditions have remained steadfast, guiding us to Talentail today.

The Franklyn family has long nurtured relationships with their animals, with working dogs and companion animals being a big part of family life. This bond led them to appreciate the importance of high-quality, balanced nutrition to enhance animal wellbeing.

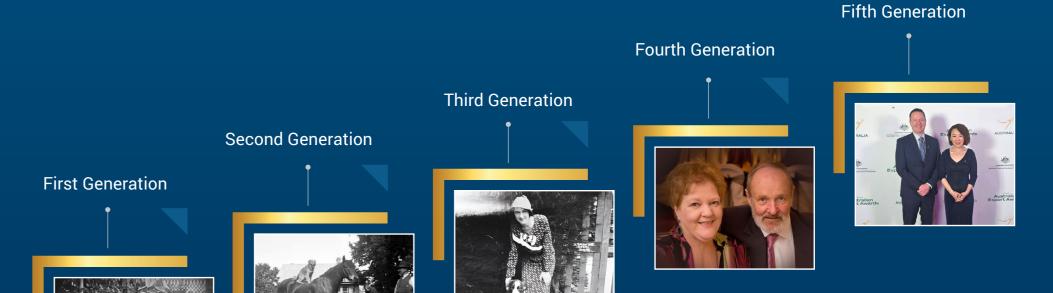

Fast forward to today, and we have learned about the beneficial properties of Kakadu Plum, the Australian native superfood that has been used by indigenous Australians for thousands of years. It made sense that beloved pets should also benefit from this amazing fruit.

Modern science has now helped us better understand the rare nutritional qualities of Kakadu Plum that make it an antioxidant powerhouse, rich in Vitamin C. Including Kakadu Plum in our formulas makes Talentail unique in the pet food market, and Talentail continues to actively collaborate with global laboratories and universities to research and develop Australian natural ingredients known for their functional properties.

At Talentail, we're more than just a pet food company. We're a tech-forward brand, using science to drive innovation and excellence in pet nutrition.

A Heritage of Care and Love for Animals

Science through Nature®, Making Pet Care Easier

Talentail is Australia's premium pet food brand, dedicated to supporting the health, vitality and happiness of pets around the world. We see every pet as a lifelong friend and cherished member of the family.

Inspired by the purity and beauty of Australia's natural environment, we combine world-class food standards with cutting-edge science to deliver nutrition that truly supports overall wellbeing.

Guided by our philosophy of Nature in Balance, we're constantly exploring new innovations to raise the bar in pet care. Our promise - Science through Nature®, Making Pet Care Easier - is at the heart of everything we do, delivering trusted, premium products that nurture, protect, and enrich the lives of our furry companions

- Scott Franklyn, Co-founder

Co-founder: Scott Franklyn

Why Choose Talentail Ultimate Premium Pet Food?

100% Premium Ingredients from Oceania

Delivering superior quality and natural nutrition you can trust.

Single Source of Meat

Gentle on digestion and designed to help reduce the risk of food sensitivities and allergies.

High Protein | Low Fat | Low Salt | Low Carbohydrate

A carefully balanced formula designed to support healthy weight, strong muscles, and overall vitality.

75%-93% Meat & Oils

Inspired by your pet's ancestral diet to provide optimal nutrition and energy for daily wellbeing.

Enriched with Kakadu Plum

Australia's renowned superfood, packed with antioxidants to strengthen immunity and protect against oxidative stress.

Gut Health & Immunity Support

Scientifically formulated with functional ingredients to promote digestive balance and long-term wellbeing.

The Ultimate Solution for Pet Nutrition

Ultimate Baked Kibble for Cats - Pacific Ocean Fish

Expertly crafted with fresh, real meat and 100% premium ingredients sourced exclusively from Australia and New Zealand, this recipe is gently oven-baked to preserve natural nutrients, enhance palatability, and improve digestibility - delivering nourishment in every bite.

With 75% Pacific Ocean fish and oils, it offers one of the highest fresh meat contents among ultra-premium cat foods. Each biscuit-style kibble is enriched with Kakadu Plum, New Zealand green-lipped mussel, and marine collagen to support joint function, mobility, and overall vitality - ideal for cats of all life stages, including seniors showing early signs of stiffness.

Crafted for taste, backed by science, and inspired by nature - this is nutrition your cat will love, and you can trust.

Ultimate Baked Kibble for Cats - New Zealand Chicken

Inspired by nature and backed by science, this premium cat food delivers more than just a meal - it's daily nourishment your cat will thrive on. Made with 75% chicken and oils, each bite is rich in clean protein and essential fats to fuel energy, support lean muscle, and promote overall wellbeing.

Using real meat and carefully selected ingredients from Australia and New Zealand, our Ultimate kibble is gently oven-baked to lock in nutrients and create a crunchy texture cats love.

Infused with Kakadu Plum - Australia's antioxidant-rich superfruit - and enhanced with New Zealand green-lipped mussel, this formula supports joint health, mobility, and vitality at every life stage. Whether your cat is playful and young, or showing signs of slowing down, this recipe is designed to keep them moving, purring, and feeling their best.

Our Research and Development Program - Kakadu Plum

Australian Native Fruit: Kakadu Plum (*Terminalia ferdinandiana*) is a native fruit found exclusively in the top end of Australia. It has been consumed as a herb by Indigenous Australians for over 5,000 years.

Main Functions

- Antioxidant: Kakadu Plum has the highest source of vitamin C of any fruit in the world. Vitamin C is a natural antioxidant and supports a strong immune system.
- Anti-inflammatory: Studies have shown Kakadu Plum displays significant anti-inflammatory properties.
- **Superfood**: Rich in many nutrients such as vitamins C and E, fibre, lutein, folate, zinc, magnesium and calcium. These are essential to daily health.

Research & Development Partnership

In April 2022, Talentail initiated a research collaboration with the University of Melbourne. By 2023, we published a report highlighting the health benefits of Kakadu Plum, showcasing its antioxidant, anti-inflammatory, and anti-cancer properties observed in vitro. With stage two of the study nearing completion, cell trials have further advanced our understanding of Kakadu Plum's potential health benefits for pets, confirming both its function and safety - findings we are proud to have validated.

Our publication - co-published with the University of Melbourne

Terminalia ferdinandiana Exell (Kakadu plum): https://findanexpert.unimelb.edu. au/scholarlywork/1844957-terminalia-ferdinandiana-exell-%28kakadu-plum%29-nutritional-value-phenolic-compounds-health-benefits-and-potential-industrial-applications#

Community Support

Talentail believes in harnessing the power of nature and giving back to the community.

Talentail is proud to be a strategic partner of the Australian War Animal Memorial Organisation, supporting injured and retired military and police dogs in their life after service. These loyal companions have given so much, and we're honoured to help give back.

As a mark of this meaningful partnership, Talentail has been granted the privilege of featuring AWAMO's logo on our Super Premium range packaging. It's a symbol of respect, gratitude, and our shared commitment to animal wellbeing.

Talentail collaborates with the Australian Indigenous Association for the promotion of local employment through Kakadu Plum initiatives
