Dog's Best Friend®

Dogs. They bring happiness, comfort, love, and lightness into our lives. They're called "man's best friend" for a reason. But our goal—like yours—is to be "dog's best friend." We do this by making things dogs love. You know, anything that goes along with jumping, running, chewing, napping, cuddling, and playing. And we want the fun to go on... and on.

That's why we guarantee every product. We'll replace any product that doesn't live up to your standards. We also care about how we make the things dogs love. After all, we want our best friends to be safe and healthy.

We make everything ourselves—in our own factory—so we know what goes into every product.

Beyond dogs, we care about people and the planet too. We're eco-friendly in our materials and manufacturing choices and people-friendly in our business choices. It's not easy being dog's best friend, but, it's worth it.

We're West Paw, a proud certified B Corp™ company in Bozeman, Montana, USA, and Dog's Best Friend.

The more we get back, the greener Zogoflex gets. You can help us make Zogoflex a zero-waste product when you Join the Loop®.

About WEST PAW:

As Dog's Best Friend®, West Paw delights dogs with healthy toys and treats—while watching out for their human companions and the world we all live in, too. Family owned and operated from Bozeman, Montana, the Certified B Corp™ has recycled almost 150,000 pounds of award-winning dog toys, spun over 16 million water bottles into dog beds and toy stuffing, and innovated a toy line that reclaims ocean-bound plastic.

Founded in 1996, West Paw has been designated one of Forbes America's Best Small Companies (2016), Montana Manufacturer of the Year (2017), and Bozeman's Choice Employer (2020). Their products can be found in over 6,000 retailers in 40 different countries
